NEW DELHI, IN

ABOUT ME

I am Raghav Sihag, an engineering student driven by a relentless curiosity for new opportunities and the challenge of turning vision into reality. I consider myself a natural leader with a deep-seated passion for building meaningful connections. My approach to work is defined by a unique blend of academic rigor and entrepreneurial energy, I don't just stop at the conceptual stage; I am most enthusiastic when I am scaling ideas into high-impact execution

EDUCATION

Currently pursuing a Bachelor of Technology in Computer Science at the University of Delhi (expected 2029) and enrolled in Harvard University's CS50 Introduction to Cybersecurity program (expected July 2026). Academic background emphasizes technical proficiency and problem-solving skills in computer science and cybersecurity.
